Subject: Niagara Falls Boulevard Site-RBC container,

Good Morning Len:

Do you have time to stop by the site later this afternoon around 3pm? If not maybe Sunday? We need to reconfigure the area where you have your storage container and other containers on the west side of the parking lot. I also want to discuss general update of site before I leave Monday morning.

I called your cell but your voicemail was full.

Thanks

Regards,

Eric

Good Morning:

We have relocated or disposed of the materials inside the rear warehouse. The metal is staged in the northeast side of the parking lot. The tires are also staged there. I know you mentioned that you have gotten rid of the tires in the past. We disposed of all the other material. I have been reaching out to state, county and local agencies to see if there are any programs. I am waiting to hear back from the Town of Niagara but everyone else has informed me that they do not. If the Town of Niagara cannot take the tires, I would ask that you have them remove as you have in the past.

All is going well here. Our last day on site is Thursday. We will return to the site Friday, June 24th.

Thanks
